

Celebrating Your Life!

Pre-Planning Your Personal Legacy Tribute

Sample Video

Legacies and memorial tributes are not just monetary in nature, tributes are simply an opportunity to tell your story now and how you want to be remembered. Reminiscing with your family, friends, and colleagues today makes a great keepsake for tomorrow. Each new day is your legacy in the making. Legacy video tributes are a reflection of a cherished life well lived. Pass on your values, beliefs, blessings, what you care about, and words of wisdom to others for generations to come.

Family Foundations and Memorial Video Tributes Today!

Psalm 139:13-14

For You created my inmost being; you knit me together in my mother's womb. I praise you because I am fearfully and wonderfully made.

When a death occurs be it sudden or expected planning how to honor the person's life can be overwhelming for family and friends especially if they were unaware of your wishes and desires. Preplanning not only makes it easier for those left behind, but it will give you peace of mind because the arrangements you make today will reflect your exclusive wishes and desires tomorrow. Prepayment will also protect you and your family from rising costs alleviating a financial burden on your loved ones.

Family Foundations and Donor Advised Funds

Family foundations are growing in Canada, and *Donor Advised Funds* (DAFs) are increasingly becoming a popular option for families over the traditional private foundation structure.

Setting up a foundation structure gives you and your family much more control over how your gifts are managed and disbursed. Charities may change over time, and so may your interests and priorities. With a family foundation, you can manage how your gifts are spent, and can create a legacy of charitable giving before your death and after that benefit generations to come.

A Canada Gives Donor Advised Fund "Foundation Account" provides all the financial and philanthropic choices you would experience with a traditional private foundation but offers greater flexibility, privacy, and less time spent on setting up and administering the foundation; leaving your family with more time to become involved with the charities of your choice.

The following chart demonstrates the ease and flexibility of a Canada Gives DAF Foundation when compared to a traditional private foundation. [Read more...](#)
